**Subject: Letter of Recommendation & No Objection Certificate for INTERNSHIP
/IDP Project in Industry for final Sem Student of Engineering.**

Sir/Madam,

L.D. College of Engineering, Ahmedabad, is a premier engineering institute in the Gujarat state imparting quality education in various engineering disciplines. This institute offers graduate & postgraduate programs in various engineering branches.

Computer Engineering Department runs two bachelor programs in engineering

1. Computer Engineering
2. Artificial Intelligence: Machine Learning

Along with theory, industrial exposure to the student is very necessary.

Computer Engineering Department works with the following objectives:

- To Identify Industries based problems on which students must prepare their final year project.
- To Help Industrial Association to work better through students' efforts.
- To send students for Summer Internship in the Industries.
- To develop interrelationship among L D College of Engineering, GTU and Industries.

With above said objectives we, L D College of Engineering have no objection against our following students will undergo for Project Work with your esteemed organization. If you grant permission to them it would help to build strong technical skills to individuals. Also, it will help to build industry institute linkage which in turn results in overall development of society and nation as well. Hereby we recommend our student to do internship in your organization.

We would like to add that this project is part under their study curriculum and all rules and regulations are under GUJARAT TECHNOLOGICAL UNIVERSITY norms. They should be given implementation details and code to represent at institute at the end of semester. They must report to guide once in a week. Internship Duration would be 02/01/26 to 30/04/26.
